Verse 3:
It's a cool place and they say it gets colder.
You're bundled up now, wait till you get older.
But the meteor men beg to differ.
Judging by the hole in the satellite picture.
The ice we skate is getting pretty thin.
The water's getting warm, so you might as well swim
My world's on fire, how about yours?
That's the way I like it and I'll never get bored.
(To Chorus:)

Verse 4:
Somebody once asked, could I spare some change for gas.
I need to get myself away from this place.
I said, "Yep, what a concept;"
I could use a little fuel myself.
And we could all use a little change."
