When leaves have fallen and skies turned to grey, the night keeps on clos...
In the day A nightingale sings his song of farewell.

You better hide for her freezing hell. On cold wings she's coming.

You better keep moving. For warmth, you'll be longing. Heee yeah...

Come on just feel it. Don't you see it? You better believe it.

Whenever she is raging, she takes all life away — Have-n't you seen?
2. When she embraces your heart turns to stone
   She comes at night when you're all alone
   And when she whispers your blood shall run cold
   You better hide before she finds you

3. She covers the earth with a breathtaking cloak
   The sun awakes and melts it away
   The world now opens its eyes and sees
   The dawning of a new day
