WHAT THE PROS SAY ABOUT SUPERCHOPS 4 BASS:

- DAVE LARUE (STEVE MORSE BAND) - “For me these tapes are a great source of new ideas. Well laid out and easy to understand, even the intermediate lessons provide a good month’s worth of work.”
- RANDY COVEN - “The guy doesn’t stop. He’s mastered just about every technique. Most important is that he is a great teacher. And that’s good for you. Check it out. I did!”
- WILL LEE (David Letterman) - “Beaver is a truly gifted player who, through his clear-cut teaching manner, gives generously from his fingertips to yours. I bought the entire series.”
- KENNY AARONSON (Billy Idol, Bob Dylan, Rick Derringer, Brian Setzer) - “The SUPERCHOPS 4 BASS series contains useful and clearly explained info which will definitely improve your technique and add some real fire to your playing.”
2. TUNING

Using harmonics on 12th fret
"0" Denotes a harmonic: Articulate by lightly touching string, without fretting, above fret and pluck with right hand

3. ELEMENTS OF SLAP TECHNIQUE

**Single Thump**
- TH TH TH TH

**Double Thump**
- TH TH TH TH

**Pluck:**
- P P P P P

**Thumped Hammer-on**
Hammer-ons will normally be two or more notes, the second note ascending from the first. Only the first note is thumped or plucked, as indicated by the slur with TH or P

**Plucked Hammer-on**

![Plucked Hammer-on](image)
Thumped Pull-off
Pull-offs will normally be two or more notes. The second note descending from the first. Only the first note is thumped or pulled, as indicated by the slur with TH or P

![Thumped Pull-off notation]

Plucked Pull-off

![Plucked Pull-off notation]

Slur or Slide
Articulate only 1st note, allowing this note to sustain, slide into next note

![Slur or Slide notation]

Vibrato:
First type - Using 3rd or 4th finger, sliding quickly back and forth between two or three frets to sustain both notes as they alternate

![Vibrato notation]
Vibrato
2nd type
Finger Vibrato - Pushing and pulling string rapidly across fret to vary the pitch slightly up and down rapidly

Percussive, Choked or Muted Note
Left hand dampens or chokes the string indicated. Usually in the same position as the fretted notes surrounding the choked note, however only the string being choked will be indicated

I Muted Thump
II Muted Pluck

III Left Hand Choke
Hammer-on with fingers of left hand

IV Wrist or Palm Mute -
Similar to left hand choke, but articulated with right hand wrist or palm instead of fingers. Usually in a rapid or advanced technique

Example of Alternating Muted Pluck and Wrist or Palm Mute
4. 4 BY 4 EXERCISE

II. SIMULTANEOUS PLUCKS
Explanation

Begin with thumped hammer-on, open A string to 5th fret, 1st finger

Then two muted thumps (mute over 5th fret)

Plucked hammer-on, 5th - 7th fret
G string, immediately followed by a pluck

Then two note plucks:
Right hand 1st finger - 2nd finger
Left hand - 3rd fret, D string, w/1st finger
5th fret, G String w/4th or 3rd fin

Move up a whole step (2 frets)
and pluck again

Up to there:
Then simple octave pattern starting on 2nd fret, proceeding to 3rd fret, 4th fret

Then start pattern over

Then for 2nd half on 2nd variation, slur up to 8th fret then chromatically down to original position

12. WRIST VIBRATO

(bar 1)

(bar 2)

(bar 3)

(bar 4)
Explanation
Begin w/octaves, A and G strings, 3rd fret:

same thing, slide up and slur into 5th fret:

Together:

slide it up to 7th fret

1st variation comes in - 2 note pluck, D and G string, starting on 9th fret, between 11th and 12th fret

1st half slowly:

(bar 1)

(bar 2)
2nd half of pattern is the same up to the variation - instead of double pluck
a slide down from 19th fret on E string

13. HAMMER-ONS AND THUMPS
Explanation
Hammer-ons on 3rd to 5th fret on E, A and D strings, some octave thump/pluck at the end
Start with thumped hammer-on,
3rd to 5th fret to E string:

Then a choked thump:

Then the same thing on A string:

Then a choked thump:

Then the same thing on D string:

Back to the A:

Last part is: (with no muted notes)

Pattern so far:
Pattern is repeated 3 times:

only variation is at the end: octaves, thumps and plucks on A and G strings, 2 to 4 fret
3 to 5 fret

14. ORLANDO LICK
Uses triplets (also called "Orlando" lick)

Explanation
Thump on low E
Then hammer-on, 2nd finger on 3rd fret, same string
Third note is another thump
Pluck last note on 4th fret G string. Played as described while holding down frets yields a G chord: or on 5th fret produces an A chord:

Optional - played just as a percussive effect:

15. 16TH NOTE PATTERN 1

Every 16th note is filled with thump, hammer-on or muted effect

Explanation

Start with thumped hammer-on 5 - 7th fret A string:

Then two thumps on low E:

Hammer-on to 7th fret E string
Thump and Hammer-on again:

1st Part:

2nd Part - 4 notes
1st two thumped on low E

Then hammer-on, 1st finger to 5th fret

Then thump same fret

Together:

Last Part - 4 notes - thump and hammer-on
to 7th fret, then another thump and
hammer on to 7th fret on low E

Last: Muted thump, leading back to beginning

16. 16TH NOTE PATTERN 2
**Explanation**

Start with 16th note formula
(as done previously)

Add triplets (also done previously)

Then back to original part

Then octaves on A and G string, 5th fret then 4th f

Back to original variation:

Then last variation of the pattern:
with octaves on A and G string, slur
up to 10th fret, then down to 9th fret
17. PATTERN IN G
With wrist (w) or palm mute

Explanation: 1st Part
Slowly:

Next Part:
(entire section)

Then back to original part with variation of octaves on A and G string, 5th fret to 1st fret
18. PATTERN IN A MINOR

Explanation - 1st part is a thumped pull-off, on A string. Fret 3rd fret and pull-off to open A, then a wrist mute, then pluck 2nd fret G string, another wrist mute, then pluck open G string, then a thumped pull-off on D string 2nd fret to open string

After that, pattern is repeated but going to original position on A string (instead of D string) first part up to first portion of 1st variation
Add "Orlando" lick

2nd Part: Begins as before up to 2nd variation

2nd variation comes in

19. FINGERTAPS
Explanation - Starts off with basic 16th note pattern (previously shown)

Taps come in:

Barre A, D, G strings with 1st finger of left hand at 7th fret
1st note is E on 7th fret of A string
Come down (hammer-on) on 9th fret D string

That’s where right hand comes in with a three note pull-off
Then back to D string

(on D string)  (same thing on G string)
All together:

Then move all that up a step and a half (3 frets), barring across 10th fret

20. HARMONIC CHORDS

[Harmonics are indicated by "0" - lightly touch string, without fretting, directly over notes or frets with this symbol and articulate near bridge by plucking string (s) ]
Explanation

First:

Next:

Then back to original pattern

First variation - 2 note change

2nd Half - Repeat 1st part of pattern
This time instead of plucked hammer-on and then a thump hammer-on

Play this:
(to give time to prepare for harmonics)

After that, the chords are

Dsus

Asus

A

21. 4 NOTE TRIPLET PATTERN

Usually used as percussive effect, possibly fretting last note, left hand plays similar to octaves

USING 4 NOTE TRIPLET PATTERN
1st half

2nd half begins the same

Add the 4 note triplet pattern ("just percussive")

22. OCTAVES AND FINGER TAPS
Explanation
"Starting off":

"Then that's where 1st taps come in" 
over 14th and 17th fret of D and G strings 
(use 1st and 2nd fingers of right hand to tap simultaneou...

Next part: octaves, thumps and notes and percussive notes

Add taps - Just the opposite of what was done earlier - 
now 17th to 19th frets on D and G strings

Now more octaves 1st on A and G string

Add octaves on E and D strings thump, pluck, pluck, thump
