With her first hello she gave a meaning to this

love
that anyone where I go
I'm never
lonely. With her along, who could be
lonely? I reach for her hand; it's always there.

How long does it last? Can love be measured by the
hours in a day? I have no answers now, but this much I can say:

I know I'll need her till the stars all burn away, and she'll be there.
