Preface

Fun for 2 Violins Volume 1 contains 18 pieces from the classical repertoire. As far as the first violin parts are concerned, I have strived to come as close as possible to the original score regarding the notes, phrasings and dynamics. The second violin parts are freely adapted from the original composition. For those who would like to study the original scores, a list of the pieces and the composers can be found below.

I would like to bring my heartfelt thanks to all the persons who have helped me in different ways with the preparation of this book. I am especially grateful to Tove and Béla Detreköy with whom I have spent many enjoyable hours playing and working on these duets. It is my hope and belief that many other violinists, young and old alike, will have just as much 'Fun for 2 Violins'.
