Will the sun rise.
When clouds are covering the sky, I can't help thinking what's been.

In a feeling evening, I can feel strange thoughts in my mind.
What if we aren't alone here
there's a clone of everyone some

where that duplicates all that we do
not like me not like you but our other ego
missed time has stood still

why don't you take me there

wanna feel some infinity

why don't we just dare
too all remains

why don't you take me there
wanna feel some infinity why don't we just dare
cos after all remains eternity

A landscape with no trees and a mist arising
from the distance
an illusion
just for me
or a proper

ward and a chance
coz after all remains Eternity

If I could stay awake for a while I would see an other morning.

Don't wanna fall asleep now when everything seems so

I know I shouldn't stay awake
Just an ordinary day, stealing all the hope away.
Wanting me to be the one.

Memories go back to childhood to days I still recall
Oh how happy I was then there was no sorrow there was no pain.

Walking through the green fields sunshine in my eyes I'm still
there everywhere I'm the dust in the wind I'm the star in the northern sky I never

stayed anywhere I'm the wind in the trees would you wait for me for
